Tideswell & District Environment Group organises activities & talks in and around Tideswell to support the environment and act against climate change.

This is our first quarterly newsletter on Climate change. In this issue we look at Home Energy with ideas on what you can do to reduce your home energy use and carbon footprint and where to go for grants & support.

Let's SPRING INTO ACTION ...

Something funny's happening with our weather...

Climate change in Tideswell?

Daffs in February?

More floods?

TDEG diary dates:

"But what can I do?" These are some simple steps to reduce your home energy use (& bills) and your carbon footprint?

- | | Carbon saved p.a. | Money saved p.a. |
|--|-------------------|------------------|
| • Change light bulbs to LED (halogens are better than LEDs) | *** | £ *** BP |
| • 5 minute shower instead of a bath | | |
| • Only boil the water you need in your kettle | | |
| • Reduce thermostat by 1 degree | | |
| • Lower temperature on your washing machine or use the eco setting and wash less often | | |
| • Put insulation on your doors, windows and behind radiators and extra insulation in your loft | | |
| • Use thermostatic valves on radiators | | |
| • Change your energy provider to one that uses renewables eg Ecotricity, Bulb, Octopus | | |

Our next newsletter will be on holidays and travel.
